

## Contents volume 18

<i>H. Kopera</i>	
Editorial	1
<i>W. Utian, D. de Wied</i>	
Editorial	3
<i>H. Kuhl</i>	
Guest Editorial: Beyond hormonal action: are oestrogens effective free radical scavengers?	5
<i>J. Hee, J. MacNaughton, M. Bangah, H.G. Burger</i>	
Perimenopausal patterns of gonadotrophins, immunoreactive inhibin, oestradiol and progesterone	9
<i>C. Campagnoli, L. Lesca, C. Cantamessa, C. Peris</i>	
Long-term hormone replacement treatment in menopause: new choices, old apprehensions, recent findings	21
<i>L. Cardozo, H. Rekers, A. Tapp, C. Barnick, A. Shepherd, B. Schussler, R. Kerr-Wilson, J. van Geelan, H. Barlebo, S. Walter</i>	
Oestriol in the treatment of postmenopausal urgency: a multicentre study	47
<i>J. Fox, A.J. George, J.R. Newton, A.D. Parsons, G.K. Stuart, J. Stuart, D.W. Sturdee</i>	
Effect of transdermal oestradiol on the haemostatic balance of menopausal women	55
<i>E. Cicinelli, D. Petruzzi, P. Scoria, L. Resta</i>	
Effects of progesterone administered by nasal spray on the human postmenopausal endometrium	65
<i>F. Polatti, F. Perotti, G.P. Angelini, D. Vassellatti, I. Rapisardi</i>	
Effects of salmon calcitonin suppositories in the prevention of bone loss in oophorectomized women	73
<i>J.H.J.M. Meuwissen, H. van Langen, I. Navarro</i>	
Ultrasound determination of the effect of progestogens on the endometrium in postmenopausal women receiving hormone replacement therapy	77
<i>R.N.J. Smith, E.F.N. Holland, J.W.W. Studd</i>	
The symptomatology of progestogen intolerance	87
<i>A. Porcile, E. Gallardo, P. Onetto, D. Schächter</i>	
Very low estrogen-desogestrel contraceptive in perimenopausal hormonal replacement	93
<i>G. Creatsas, N. Arefetz, P.N. Adamopoulos, E. Konstantellou, D. Aravantos</i>	
Transdermal estradiol plus oral medroxyprogesterone acetate replacement therapy in primary amenorrhoeic adolescents. Clinical, hormonal and metabolic aspects	105
<i>F. Al-Azzawi, J. Hawley, A. Parsons, D.M. Hart</i>	
Investigation of the bleeding patterns of postmenopausal women treated with Estrapak-50	115
<i>J. Rymer, M.G. Chapman, I. Fogelman, P.O.G. Wilson</i>	
A study of the effect of tibolone on the vagina in postmenopausal women	127
<i>K. Hashimoto, M. Nozaki, M. Yokoyama, M. Sano, H. Nakano</i>	
Urinary excretion of pyridinium crosslinks of collagen in oophorectomized women as markers for bone resorption	135

<i>M. Haji, S. Tanaka, Y. Nishi, T. Yanase, R. Takayanagi, Y. Hasegawa, S. Sasamoto, H. Nawata</i>	
Sertoli cell function declines earlier than Leydig cell function in aging Japanese men	143
Video review	155
Book review	157
Editors' acknowledgement	159
<i>C.A. Morse, A. Smith, L. Dennerstein, A. Green, J. Hopper, H. Burger</i>	
The treatment-seeking woman at menopause	161
<i>C.J. Haines, T.K.H. Chung, D.H.Y. Leung</i>	
A prospective study of the frequency of acute menopausal symptoms in Hong Kong Chinese women	175
<i>H. Rico, E.R. Hernández Díaz, C. Seco Duran, L.F. Villa, S. Fernández Penela</i>	
Quantitative peripheral computed tomodensitometric study of cortical and trabecular bone mass in relation with menopause	183
<i>M. Gambacciani, A. Spinetti, F. Taponeco, B. Cappagli, S. Maffei, P. Manetti, L. Piaggese, P. Fioretti</i>	
Bone loss in perimenopausal women: a longitudinal study	191
<i>C. Castelo-Branco, F. Pons, E. Gratacós, A. Fortuny, J.A. Vanrell, J. González-Merlo</i>	
Relationship between skin collagen and bone changes during aging	199
<i>B.M. Wolfe, E.R. Plunkett</i>	
Early effects of continuous low-dosage <i>dl</i> -norgestrel administered alone or with estrogen	207
<i>J.Q. Norman-Taylor, F.E. Crawford, A.W. Jenkins, J.G. Grudzinskas</i>	
Hormone replacement therapy by the transdermal administration of oestradiol and norethisterone	221
<i>L.-O. Svensson, S. Hedman Johnson, S.-E. Olsson</i>	
Plasma concentrations of medroxyprogesterone acetate, estradiol and estrone following oral administration of Klimaxil®, Trisequence®/Provera® and Divina®. A randomized, single-blind, triple cross-over bioavailability study in menopausal women	229
<i>S. Palacios, C. Menendez, A.R. Jurado, J.C. Vargas</i>	
Effects of oestradiol administration via different routes on the lipid profile in women with bilateral oophorectomy	239
